

Accessibility - Air

Companies using corporate aircraft for travel will find Tanners Creek very convenient with Gainesville's Gilmer Memorial Airport located just six miles north on I-985 at exit 20. The airport now accommodates aircrafts up to 100,000 pounds.

This FAA approved facility has two runways, 11-29 and 5-23. Runway 5-23 is currently equipped with MALSR (Medium Intensity Approach Lighting System) and ILS (Instrument Landing System) and is 5,500 feet long. With a 5,500 foot runway length and the precision approach, Gilmer Memorial can handle the largest of business jets even in poor weather conditions.

Gilmer Memorial also offers a full range of services including instruction, aircraft rental, charter, maintenance, fuel sales, storage, transient parking, catering, and car rental. In addition, Gilmer Memorial can handle fly-in meetings in its conference room.

For commercial air travel and air-cargo, Atlanta's Hartsfield-Jackson International airport is located just 50 minutes drive south of Tanners Creek. Hartsfield, the busiest airport in the world, is within two hours flight of 80% of the American population and offers nonstop flights to more than 150 domestic and nearly 70 international destinations.
